**Subject:** Registration Plea

Dear All,

We are in a bit of a pickle on Water Microbiology Conference 2019. Professionally, we want so much to interact with everyone and learn and share. Financially, it seems that the government shutdown, as well as a number of other factors, have severely impacted our registration numbers. I am writing this plea as a friend and colleague for everyone planning to attend the conference to register ASAP (ie. within the next 24 hours). Second, I am asking that you also please write this same email to as many other colleagues as you possibly can and ask them to do the same (within 24 hours please), as we will be forced to cancel the conference if we do not see a quick enough response).

Thanks,

John Griffith, on behalf of the Water Microbiology 2019 Organizing Committee

**Karen Black**
